RESOLUTIONS

VI. Resolution 2849: A Resolution Authorizing the Submission of Two City of Columbia Community Development Applications to Assist with the Construction of the Kinney Point Apartments Project: (1) \$250,000 for HOME Rental Production Funding for Construction and (2) \$100,000 Community Development Block Grant (CDBG) for Infrastructure Improvements.

Mr. Steinhaus reported that CHA was awarded CDBG and HOME funds last year for our Providence Walkway project. However, since the MHDC did not fund the Providence Walkway project, the CHA was not able to utilize these funds. Mr. Steinhaus explained that HOME funds can be used towards new construction and CDBG funds can't be used for new construction but can be used for infrastructure improvements such as sewer mains and lateral service lines. These funds will go toward the CHA's new Kinney Point project.

Mr. Hutton called for further discussion and there was none.

Mr. Hutton called for a motion to approve Resolution 2849 as presented. A motion was made by Mr. Hutton. Second by Mr. Lewis. Upon a roll call vote of the motion, the following vote was recorded:

VII. Resolution 2850: A Resolution Authorizing the Submission of a \$100,000 HOME grant application to the City of Columbia to provide a two-year tenant-based rental assistance (TBRA) program for difficult to house populations with barriers to other housing assistance programs.

Mr. Steinhaus reported that the CHA was awarded TBRA funds last year. Mr. Steinhaus explained that these funds would work just like Housing Choice Vouchers but would be used for individuals that are more difficult to house and would come with matching supportive services. Mr. Steinhaus noted that this program would be similar to the Continuum of Care and Veterans Affairs Supportive Housing (VASH) programs.

Mr. Hutton called for further discussion and there was none.

Mr. Hutton called for a motion to approve Resolution 2850 as presented. A motion was made by Mr. Lewis. Second by Ms. Oliveri. Upon a roll call vote of the motion, the following vote was recorded:

Yes: Wenneker, Hutton, Oliveri, Lewis

No: None

VIII. Affordable Housing Initiative Report.

Mr. Steinhaus reviewed the affordable housing initiative report, reporting that a second call with the City Planning Department staff is being arranged in order to review the design changes to the Kinney Point layout and the configuration of the duplexes on Trinity Place. Mr. Steinhaus indicated that the current master plan will have four phases with two being to have 36 units on Kinney Point and Northwest Trinity Place and 34 units on Southeast Trinity Place and Providence Walkway. Mr. Steinhaus reported that one of the main goals of the project is to achieve the correct size of each project to be within 30-50 units and also to end up with bare ground/empty units to demolish for the next phase of the plan. Mr. Steinhaus stated that a new Rental Assistance Demonstration (RAD) application has been submitted and CHA is just waiting on approval. Mr. Steinhaus noted that the cap on RAD units has been lifted, therefore the application for a multiphase award should be approved.

Mr. Hutton inquired as to whether Mr. Steinhaus had heard anything new from MHDC. Mr. Steinhaus reported that he had not but has heard that possibly state LIHTC funding will be included and hopes that there isn't a tight timeframe to get the applications submitted to MHDC.

IX. Building Expansion Update.

Mr. Steinhaus reported that the Opinion of Probable Costs has been finalized and signed July 15, 2020. Mr. Steinhaus indicated that a copy of the Opinion of Probable Costs and design alternatives was included in the packet. Mr. Steinhaus indicated that the design alternatives increased the estimated cost of the project to \$699,091, noting that the total projected project budget also includes fees for the architect, civil engineer and owner costs bringing the total to \$864,191. Mr. Steinhaus stated that two bid alternatives were also included for a total of \$12,790 which would be for a sidewalk with stairs and a dumpster pad.

Mr. Steinhaus reported that Ms. Harvey had adjusted her numbers and stated that CHA Affordable Housing Development would receive an additional \$205,000 pending deferred developer fees from Bryant Walkway and Bryant Walkway II, leaving \$79,769 available if costs should exceed the current estimate.

X. Coronavirus (COVID-19) Response Report.

Mr. Steinhaus reported that with the recent spike in COVID-19 cases in Boone County that the CHA will continue to limit in-person contact with participants, applicants and the public. Mr. Steinhaus explained that all intakes, briefings, annual recertifications and interim will be conducted via U.S. Postal Service, telephone and/or video conferencing. Mr. Steinhaus noted that if an in-office visit is approved CHA will follow the standard procedure of temperature taking, mask wearing, washing hands and social distancing in the training room only.

XI. Monthly Management Reports for Public Housing and Affordable Housing Properties, Housing Choice Voucher Programs, Resident Service, and Safety.

Mr. Steinhaus reviewed the property management report stating that AMP 1 occupancy is low with AMP 1 being low mainly due to these units being left vacant just in case the Providence Walkway Project was funded. Mr. Steinhaus stated that any properties that are left vacant for more than 60 days especially in the LIHTC properties hurt the percentages. Ms. Lewis explained that the percentages for some of the properties was due to the size of the property but stated that most of the properties are doing well. Ms. Lewis reported that the only property that would be under concern would be Paquin, stating that they have had mass briefings for this site and only two individuals showed up. Mr. Hutton inquired about the status of the waitlist. Ms. Lewis stated that the waitlist was decent but noted that for every 25 applicants pulled from Paquin waitlist, you may get 3 leased up and with every 50 files pulled from the family site waitlist, you may get 10 leased up. Ms. Lewis indicated that this is mainly due to the processing and wait time for the applicants because some have found other housing by the time their number has come up or may have forgotten to update their addresses, so that when their number does come up on the waitlist they are not able to respond to the letters. Ms. Tapia added that eligibility status is not determined until they are pulled from the waitlist.

Mr. Steinhaus reported that staff is continuing to do their best and manage things during these times with a significant increase in the Family Self-Sufficiency participation. Mr. Steinhaus stated that CHA has a new Family Self-Sufficiency Coordinator, Shantise Sipho and in March of 2020, the total number of participants enrolled were 97 and as of June 2020 there are 130 active FSS participants. Mr. Steinhaus reported that the first June 2020 FSS Graduate accomplished goals such as completed Money Smart, graduated from the

Nursing Program at Columbia College, obtained full-time employment in a hospital setting and increased her annual income from zero to \$63,074. Mr. Steinhaus reported that the second June 2020 FSS Graduate accomplished goals such as completing the Missouri Career Readiness Course, improved and maintained a high credit score, established a savings account, obtained full-time employment and increased annual income from \$1800 to \$34,080.

Mr. Steinhaus reported that the Continuum of Care program is under-leased but is certain that Ms. Stone, Special Programs Specialist, will be able to get those numbers back up. Mr. Steinhaus indicated that the 811 Mainstream Vouchers have been difficult to administer due to HUD regulations and the VASH program has about 35 vouchers to be issued due to the VA not being able to bring individuals over to get them leased up but the members of the functional task zero meetings will be working with the VA to get this issue resolved. Mr. Steinhaus explained that CHA is down about 265 HCV vouchers with 12 newly leased this month, 11 families looking for housing and 9 turnovers on the HCV report. Mr. Steinhaus reported that there were 32 vacancies throughout all of the LIHTC properties but have newly leased 18 units.

Regarding the Safety Department report, Mr. Steinhaus reported that there were 49 calls for law enforcement on CHA property last month, 65 medical calls at the family sites, 33 at Oak Towers, 28 at Paquin and none a Patriot Place. Mr. Steinhaus indicated that CHA Safety has completed 60 reports, 6 were check welfare and assist resident - medical. Mr. Steinhaus reported that the Safety Department is increasing parking surveillance, so that CHA ensures that residents will get use of the parking and also so that they can determine if CHA has the need to increase or decrease unauthorized guest investigations. Mr. Steinhaus stated that the Safety Department is seeing increases in request to handle calls that law enforcement has historically responded to.

XII. May 2020 Financial Reports.

Mr. Steinhaus reported that with the Coronavirus Aid, Relief, and Economic Security (CARES) Act, AMP 1 has up to \$55,851 in supplemental operating funds to address Coronavirus aid with sanitation supplies and masks. Mr. Steinhaus shared that a community partner had donated hand sanitizer to CHA at no cost. Mr. Steinhaus reviewed the financial reports from May 2020 for the properties and explained some of the surpluses and overages.

XIII. Current Events.

Mr. Steinhaus reported that the biggest event is that Ms. Markt is retiring, and Ms. Friesz will be replacing her. Mr. Steinhaus noted that Ms. Markt and himself have worked together for more than 15 years and he will truly miss Ms. Markt. Ms. Steinhaus indicated that CHA was featured in the Missourian regarding the Kinney Point Project. Mr. Steinhaus added that he believed that the article came out really nice.

XIV. Public Comment.

There was no public comment.

XV. Commissioner Comment.

All of the Commissioners thanked Ms. Markt on her work and wished her the best with her retirement. Ms. Wenneker thanked Ms. Markt for her dedication and passion to the community.

Board Resolution Staff Memo

To: CHA Board of Commissioners

From: Phil Steinhaus, CEO

Date: August 18, 2020

RE: Resolution 2851: To Approve the Submission of a Family Self-Sufficiency Grant Application to the

U.S. Department of Housing and Urban Development to Fund Two Full-Time Family Self-Sufficiency Coordinator Positions at the Columbia Housing Authority in the Amount of \$110,000

Family Self-Sufficiency (FSS) is a program that enables HUD-assisted families to increase their earned income and reduce their dependency on welfare assistance and rental subsidies.

Public Housing Agencies (PHAs) work in collaboration with a Program Coordinating Committee (PCC) to secure commitments of public and private resources for the operation of the FSS program, to develop the PHA's FSS Action Plan (the FSS policy framework), and to implement the program.

Once an eligible family is selected to participate in the program, the PHA, and the head of each participating family execute an FSS Contract of Participation that specifies the rights and responsibilities of both parties. The term of the FSS contract is generally 5 years, but it may be extended for another 2 years by the PHA for good cause.

The FSS contract also incorporates the family's individual training and services plan (ITSP). The ITSP is the document that records the plan for the family. That is, the series of intermediate and long-term goals and the steps the family needs to take – and the services and resources they may need to access – to achieve those goals.

The CHA's Family Self-Sufficiency grant application will fund the continuation of two full-time Family Self-Sufficiency Coordinator positions for 2021. The amount of the request is \$110,000.

CEO Recommendation: Approve Resolution 2851 to authorizing the submission of a Family Self-Sufficiency Grant application to the U.S. Department of Housing and Urban Development to fund two full-time Family Self-Sufficiency Coordinator positions at the Columbia Housing Authority in the amount of \$110,000.

To Approve the Submission of a Family Self-Sufficiency Grant Application to the U.S.

WHEREAS: Family Self-Sufficiency (FSS) is a program that enables HUD-assisted families to increase their earned income and reduce their dependency on welfare assistance and rental subsidies; and

WHEREAS: Public Housing Agencies (PHAs) work in collaboration with a Program Coordinating Committee (PCC) to secure commitments of public and private resources for the operation of the FSS program, to develop the PHA's FSS Action Plan (the FSS policy framework), and to implement the program; and

Board Resolution Staff Memo

To: Board of Commissioners

From: Phil Steinhaus, CEO

Date: June 19, 2018

RE: Resolution 2852: A Resolution to Approve a Revision to the Columbia Housing Authority

Personnel Policy Related to Section III: Equal Employment Opportunities to Include Gender

Identity and Socio-Economic Status.

The last paragraph of the CHA's current personnel policy reads as follows regarding Equal Employment Opportunities:

CHA's policy is to select, place, train, and promote the best qualified individuals based upon relevant factors such as work quality, attitude, and experience, so as to provide equal employment opportunity for all employees in compliance with applicable local, state, and federal laws and without regard to non-work-related factors such as race, color, religion/creed, sex, pregnancy, national origin, age, disability, citizenship, marital status, sexual orientation. This equal opportunity policy applies to all CHA activities, including, but not limited to, recruiting, hiring, training, transfers, promotions, and benefits.

As our community culture of acceptance expands and becomes more diverse and protective of marginalized populations, the CHA feels that it is important to recognize gender identify and socio-economic status as factors that need to be included in the CHA personnel policy in the section regarding Equal Employment Opportunity. Gender identify is now included in the City of Columbia's Human Rights Ordinance and is also provided protections in HUD regulations.

The following changes are proposed to the CHA's personnel policy.

CHA's policy is to select, place, train, and promote the best qualified individuals based upon relevant factors such as work quality, attitude, and experience, so as to provide equal employment opportunity for all employees in compliance with applicable local, state, and federal laws and without regard to non-work-related factors such as race, color, religion/creed, sex, pregnancy, national origin, age, disability, citizenship, marital status, sexual orientation, *gender identity or socio-economic status*. This equal opportunity policy applies to all CHA activities, including, but not limited to, recruiting, hiring, training, transfers, promotions, and benefits.

CEO Recommendation: Adopt Resolution 2852 approving a resolution to approve a revision to the Columbia Housing Authority personnel policy related to Section III: Equal Employment Opportunities to include gender identity and socio-economic status.

RESOLUTION # 2852

A Resolution to Approve a Revision to the Columbia Housing Authority

NOW, THEREFORE, BE IT RESOLVED that the Board of Commissioners of the Housing Authority of the City of Columbia, Missouri hereby adopts Resolution #2852 approving a revision to the Columbia Housing Authority Personnel Policy related to Section III: Equal Employment Opportunities to include gender identity and socio-economic status.

Purpose of this Report

This report is designed to communicate to two audiences: 1.) The CHA Board of Commissioners; and 2.) the general public, media, and other interested parties. With this in mind, the most recent activity is included in this report without a lot of background information as the CHA Board of Commissioners are well informed on this subject and has been receiving reports on a monthly basis. Recent activity is then followed by a more project summary report that provides the general public, media, and others a more detailed report providing a great deal of background information on our current projects.

Recent Activity (July - August 2020)

The most significant activities to occur in the past month include the following:

- CHA staff and A Civil Group staff held a plan review meeting on July 30, 2020 with city staff to review the revised layout plans for the Kinney Point project. Items identified by city staff include:
 - A tree preservation plan will be required.
 - Screening may be required on the northern property line of the Kinney Point property.
 - City staff would not support a rezoning request.
 - The CHA will not be able to build within 75' at the intersection of Garth and Sexton due to planned future improvements to the intersection which may include a roundabout in the future.
 - Parking calculations were a concern at the Kinney Point site.
 - There were no concerns expressed about the Trinity Place site, however out civil engineer believes there may be some stormwater retention issues at this site
- On August 6., 2020, the CHA received a Commitment to Enter into a Housing Assistance Program
 Contract (CHAP) from the HUD Rental Assistance Demonstration (RAD) program for our Kinney
 Point project.
- The Missouri Housing Development Commission (MHDC) is in the process of issuing its Qualified Allocation Plan for the low-income housing tax credit program. This year's LIHTC program includes both federal and state low-income housing tax credits. The state LIHTC funding is capped at 70% of the federal LIHTC cap. Applications are due October 30, 2020.

Project Summary

Trinity Place & Providence Walkway Apartments 2020

2020 Project

The CHA submitted applications for low-income housing tax credit (LIHTC) funding to the Missouri Housing Development Commission (MHDC) in 2018 and 2019 to renovate and replace respectively apartments in the Providence Walkway and Trinity Place areas. During our strategic planning review process of the 2018 and 2019 applications, it became apparent that we needed a master plan for our final 120 public housing units that would result in new construction on bare ground for each project, if possible. If the CHA is to proceed with new construction for our final 120 public housing units, being able to build on bare ground helps to resolve two major issues:

- 1. **Relocation Issues**: Building new apartments allows the CHA to easily relocate our residents once the new units are completed with minimal interruption in their daily lives. The one downside is that children in these families might have to change schools.
- 2. **LIHTC Construction Timing Issues**: The LIHTC program requires that construction be completed, and units filled within a two-year (24 months) time frame. Tearing down and replacing existing units that are partially occupied make this a near impossible feat. It would be a formidable task to relocate all the residents from the property during the construction process due to the demolition process and the process to replace the infrastructure.

Rethinking the Project and the Process

After much thought and internal deliberations, CHA staff have concluded that the best option is to build as many replacement units on the property we own at 1 East Sexton Road, which has an acreage of 1.96 acres. This property was named "Kinney Point" after the late Marvin Kinney, on a previous attempt at new construction.

Our plan is to construct 24 new units on our Kinney Point property, once we relocate residents from the corresponding units on Trinity Place and Providence Walkway, we will demolish the empty buildings in preparation for redevelopment of the Trinity Place and Providence Walkway sites in the future. As part of this first phase, we would also demolish five (5) buildings on the northwest side of Trinity Place. (One 3-bedroom 4-plex and four 4-bedroom duplexes.) Four three-bedroom duplexes and one one-bedroom fourplex will be constructed on the northwest side of Trinity Place bringing the total new units in this phase to 36 units.

With this plan we would only have to relocate or not refill the twelve units on the northwest side of Trinity Place so that we could demolish these five buildings and replace them with four three-bedroom duplexes and one one-bedroom fourplex. By switching from two 3-bedroom fourplexes to four 3-bedroom duplexes a lot of parking issues are resolved.

This plan reduces many relocation issues and costs. It also results in our goal of having bare ground to work with on the next project. The downside is that the costs of demolition between projects may have to be funded with sources other than LIHTC funding. This is because when you add the cost of demolition and infrastructure replacement to any project, the result is a project that approaches or exceeds the MHDC total development cost limit, thus making our project less competitive for 9% LIHTC funding.

Another downside of new construction is that the new properties will need to meet existing city codes, in particular, parking requirements which will significantly reduce green space on the property and very likely will result in stormwater mitigation requirements. We will need to receive the highly competitive 9% LIHTC funding in order to replace our final 120 units of public housing with new construction.

On May 26, 2020 CHA staff held a conference call with Planning Department Staff from the City of Columbia to conduct an initial plan review. Several items were discussed that affect our plans. We are taking staff comments into consideration as we proceed with finalizing our site layouts.

CHA staff and A Civil Group staff held a plan review meeting on July 30, 2020 with city staff to review the revised layout plans for the Kinney Point project. Items identified by city staff include:

- A tree preservation plan will be required.
- Screening may be required on the northern property line of the Kinney Point property.
- City staff would not support a rezoning request.
- The CHA will not be able to build within 75' at the intersection of Garth and Sexton due to planned future improvements to the intersection which may include a roundabout in the future.
- Parking calculations were a concern at the Kinney Point site.
- There were no concerns expressed about the Trinity Place site, however out civil engineer believes there may be some stormwater retention issues at this site

Trinity Place & Providence Walkway, East Park Avenue, and Fisher Walkway Strategic Planning Process

Our current master plan will have four phases as follows:

| 1. | Kinney Point and Northwest Trinity Place | 36 Units |
|----|--|-----------|
| 2. | Southeast Trinity Place & Providence Walkway | 34 Units |
| 3. | East Park Avenue | 40 Units |
| 4. | Fisher Walkway | 30 Units |
| | Total | 140 Units |

This plan is subject to amendment as we move through the process. There four main goals:

- 1. Achieve the correct size of each project to be within 30-50 new units.
 - a. Projects that are too small have high administrative costs and lower returns.
 - b. Projects that exceed 50 units are too large and costly to be competitive for LIHTC funding.
- 2. Plan projects that can be completed and filled within the 24-month LIHTC funding window.
- 3. Reduce the amount of temporary relocation of current residents.
- 4. End up with bare ground/empty units to demolish for the next phase of the plan.

It is worth noting that 9% low-income housing tax credits will be required for each phase of the plan.

Rental Assistance Demonstration (RAD) Program Expansion and Approval

In 2017, the CHA was issued a multiphase RAD award for our remaining 120 public housing units to be renovated. However, since our two previous applications for LIHTC funding were not approved, our multiphase RAD award was rescinded, and we have submitted a new RAD application and are awaiting approval. Fortunately, the cap on RAD units has been lifted, therefore our application for a multiphase award should be approved.

The RAD program requires that the CHA hold two informational meeting that will be relocated as a result of the Kinney Point Apartments project. Phil Steinhaus and Housing Manager, Veronica Martin held a series of informational meetings with residents the week of May 18, 2020. There are seven (7) different languages spoken among our residents which required separate meetings with language interpretation provided. The languages are English, Arabic, Chinese, French, Kirundi, Lingala, and Swahili.

On August 6., 2020, the CHA received a Commitment to Enter into a Housing Assistance Program Contract (CHAP) from the HUD Rental Assistance Demonstration (RAD) program for our Kinney Point project.

MHDC Low-Income Housing Tax Credits Funding for 2020

The Missouri Housing Development Commission (MHDC) is in the process of issuing its Qualified Allocation Plan for the low-income housing tax credit program. This year's LIHTC program includes both federal and state low-income housing tax credits. The state LIHTC funding is capped at 70% of the federal LIHTC cap. Applications are due October 30, 2020.

To: All CHA Employees – HIGH IMPORTANCE

From: Phil Steinhaus, CEO

RE: COVID-19 Workplace Plans

As the number of COVID-19 positive cases continue to rise in Boone County, I believe it is prudent to maintain our current workplace plan to keep our employees and those we serve safe from the virus while continuing to provide housing to those in need.

Therefore, I am leaving our current workplace plans in place until such a time that COVID-19 cases start to decrease in Boone County.

The advice from the Health Department is to avoid extended in-person contact even if all parties are wearing masks. *No more than 15 minutes.* Wearing a mask is still an effective method for preventing the spread of COVID-19 in public. *Social distancing should be practiced during any in-person contact.*

I greatly appreciate everyone's combined efforts in keeping the CHA safe and functioning.

Workplace Plan

- Appointments to see clients in the Administration Building will not be allowed except in special
 circumstances as approved by your supervisor. If an in-office visit is approved we will follow our
 standard procedure of temperature taking, mask wearing, washing hands and social distancing in
 the training room only. The training room must be sanitized before and after any meetings.
- We will continue to limit in-person contact with Participants, Applicants and the Public. This
 means all Intakes, Briefings, Annual Recertifications and Interims will be conducted via U.S. Postal
 Service, Telephone and/or Video Conference if possible. Cameras for video conferencing can be
 checked out from Rick Hess.
- CHA Intake and Housing Specialists will mail out all required documentation needed to complete
 Annual Recertifications, Interims, Intakes and Briefings. Each packet will contain a self-addressed
 postage paid return envelope to ensure all documents are delivered timely to the assigned
 Specialist.
- HCV and Affordable Housing briefings will be conducted remotely using the telephone or video conferencing.
- Speaking with other staff is encouraged by phone, email, or meetings where you stand in the doorway rather than face-to-face.

- Staff meetings with multiple staff may be held where social distancing can be practiced and masks are worn.
- Our Safety Department will continue to operate as in the past few weeks responding to calls over the phone whenever possible and practicing social distancing.
 - Safety Officers will wear masks while on duty outside of the safety office.
 - Safety Officers will use their thermometers to check for elevated temperatures when social distancing is not possible. Temperatures should not exceed 100.4°.
- Blind Boone Community Center: A video intercom has been installed to control the entrance into the lobby of the Family Self-Sufficiency Center and the Moving Ahead Program area. Working with individuals will be remotely by phone, email, or video conferencing.
- If circumstances require an in-person meeting at the Family Self-Sufficiency Center, individuals
 will be admitted after pre-screening. Residents will be asked to wear a mask, have their
 temperature taken and sanitize hands upon entering the lobby. In-person conversations with
 case managers will be conducted through the Family Self-Sufficiency Center lobby reception
 window.
- The Moving Ahead Program will continue to operate this summer. Extensive safety protocols have been put in place and approved by the State Department of Elementary and Secondary Education and the Columbia/Boone County Department of Health and Human Services.
- A video intercom was installed at the outside doors of the Administration Building to allow visitors to communicate with the front desk.
- Visitors will be encouraged to use the drop box or regular mail to return paperwork.
- A magazine rack full of CHA forms has been set up in the vestibule next to the drop box. Visitors
 will be able to enter the vestibule to pick up forms but may not enter the building unless approved
 by your supervisor.
- No visitors will be allowed in the Administrative side of the building except in special circumstances.
- All CHA employees will wear masks when in common areas (hallways, kitchen, etc.) The only
 exception is when an employee is working alone in their office. Masks are provided. Masks are
 for the protection of your fellow employees and any residents or visitors. You may be contagious
 and asymptomatic without knowing it.
- CHA staff working in our remote housing sites will continue working within the guidelines outlined by their supervisor.
- Maintenance staff in our family sites will only be completing emergency work orders with the following safety precautions:
 - Maintenance staff will ask the resident if anyone is feeling sick or has been sick before entering the apartment.
 - o Maintenance staff will wear masks and gloves when entering apartments.
 - Maintenance staff will ask the resident to maintain social distancing and stay in the other room while the maintenance procedure is being performed.
 - Maintenance staff will follow proper disinfecting procedures after leaving the apartment.

- Maintenance staff in Paquin Tower and Oak Towers will continue to complete non-emergency work orders as long as they feel safe doing so.
- Any unused Emergency Sick Leave (ESL) hours can continue to be used for the following reasons
 that qualify under the Families First Coronavirus Response Act (FFCRA). If you qualify, please
 contact Jeanette Nelson, HR Manager to discuss.
 - A health care provider has advised the employee to self-quarantine or isolate due COVID-19.
 - Employee is experiencing symptoms of COVID-19 and seeking a medical diagnosis.
 - The employee is caring for an individual who is subject to quarantine or isolate due COVID-19 or who is subject to medical advice to self-quarantine or isolate due COVID-19.
 - Employee is caring for the employee's child whose school has been closed or place of care is unavailable due to COVID-19 precautions.
 - When there is a federal, state or local "stay-at-home" order in place.
- Up to an additional 10 weeks of paid expanded family and medical leave at two-thirds the
 employee's regular rate of pay where an employee is unable to work due to a bona fide need for
 leave to care for a child whose school or child care provider is closed or unavailable for reasons
 related to COVID-19. If you qualify for this paid leave, please contact Jeanette Nelson, HR Manager
 to discuss.

Please keep in mind the following:

- We don't know how long this will last and if we continue to see a resurgence of the virus, things
 may tighten down even more. In that event, you will need any banked Emergency Sick Leave
 hours that you currently have as well as regular sick leave and vacation time.
- Don't waste Emergency Sick Leave, Regular Sick Leave, or Vacation Time, if you are not actually sick. You may need it in the future.

What Happens Next?

We will continue to monitor the situation and keep you informed of any changes in business practices as the need arises.

• It is important to remember we are an essential service and in this time of crisis and job loss, we need to be on the front lines providing housing assistance to those most in need. This includes filling as many units as possible and leasing as many vouchers as possible.

Board Report Staff Memo

To: Board of Commissioners

From: Phil Steinhaus, CEO - Laura Lewis, Director of Affordable Housing Operations

Date: August 18, 2020

RE: Housing Operations Update

A few things to note regarding the board report

- 1 One change was made to the board report. The column showing the % of TARs collected was removed and replaced with the dollar amount of <u>uncollected</u> rent and or other charges (maintenance fees, repayment agreement balances) at the end of that month. This total does not include outstanding security deposit balances.
- 2 Of the \$6776.92 of uncollected rent/charges reported for **Stuart Parker** \$6200.99 of this amount are charges billed to the tenant for damages caused by a fire. This amount is being paid back by the tenant in monthly installments.
- 3 One of the units vacant over 60 days at Stuart Parker was due to the extent of the restore the unit required due to the fire damage.
- 4 As of July 31, 2020 there were 17 vacancies at **Amp. 1** but of those 17 vacant units 9 of them are not being filled because they are part of the Kinney Point Apartments project. As units within the planned Kinney Point project become vacant, they will not be filled.
- 5 \$1708.33 of the \$11195.37 uncollected money at **Paquin** is for 2 tenants that are currently going through the termination process for violations other than non-payment.

Once the moratorium on non-payment terminations ended July 24, 2020 all tenants with an outstanding balance were offered the opportunity to enter into a repayment agreement. So far, we've had about 16 tenants pay in full, 11 tenants requested repayment agreements and we estimate about 30 terminations will be issued. Terminations are being issued for all tenants with a delinquent balance that did not enter into a repayment agreement.

Due to the on-going Covid-19 pandemic property managers have continued to keep offices closed to walk-in traffic. Most work such as annual recertifications, interims and move-ins are being completed by mail, email, phone calls or with in-person appointment when necessary. Managers require anyone entering their workspace to wear a mask, wash their hands and have their temperatures checked.

The intake and PBV/LIHTC compliance staff have been working hard to pull applicant files and process them so we can fill all the vacant units especially for Paquin Towers. We are hoping to have most of the units filled by mid-September.

Amp. 1 Housing Manager Veronica Martin has accepted a position within CHA as the Resident Services Coordinator and we are currently accepting applications for her replacement.

Affordable Housing Programs

Housing Choice Voucher (HCV) Program

The Housing Choice Voucher (HCV) Program Staff continue to make great strides issuing HCV vouchers and meeting program expectations. We have seen an uptick in head of households returning to work and we have managed to avoid being inundated with eviction notices from landlords for tenant non-payment of rents. We can contribute the lack of eviction notices to the quick notification from participants of job loss and the actions of staff to make the necessary changes and ensure landlords received full HAP payments.

The 2018 HCV waitlist currently has 311 applicants seeking program subsidy. In reviewing the applicant preferences there are approximately 50 applicants that have a preference ranging from elderly disabled to household with income. The remaining 261 applicants claimed no preferences; which means, that full HAP subsidy payments could be made by the CHA.

This could be a record year where full HAP payments are made for program participants that have experienced a loss of household income. We are fortunate to have adequate funding to address the needs of the program participants who will benefit from full program subsidy.

Family Self-Sufficiency (FSS) Program

The CHA understands that there are several factors that ensure FSS participants achieve self-sufficiency, and many of those factors can be found in the participant's self-established goals. Approximately 90 percent of the FSS participants identify furthering and/or completing their secondary education as a goal they wish to achieve. Although, each participant is eager to seek completion of this goal, we have found that the process of enrolling can be difficult and at times intimidating. For those who have previously enrolled in College, and for whatever reason, did not complete their educational requirements for graduation, we have noticed they find it hard to return due to past college debts or fear of failing.

We understand access to a secondary education can provide FSS participants with the tools needed to move towards self-sufficiency, and we know that with proper guidance and encouragement, participants can achieve their goal of accessing and completing their academic dreams.

In November 2019, CHA staff met with Columbia College Faculty to discuss ways to remove barriers for low-income families seeking access to a college education. Columbia College Faculty understood and

acknowledged the many barriers low-income individuals and families face when seeking a College degree and graciously offered to help remove barriers.

On July 10, 2020, Columbia College drafted a Partnership Agreement with the Columbia Housing Authority to help those participating in the FSS Program to gain better access to educational opportunities with the intention to help them graduate from Columbia College and the FSS program.

We appreciate Columbia College's continued community advocacy and support in helping to make a positive change in the lives of our participants.

Continuum of Care (COC) Program

The CHA continues to provide Continuum of Care Program vouchers to the most vulnerable chronically homeless individuals within our community. Each year we see an increase in homeless individuals and families needing safe, decent and sanitary housing; as of date the CHA has 53 households receiving COC program assistance.

811 Mainstream Vouchers

The CHA has partnered with the Voluntary Action Center and the Functional Zero Task Force to provide 811 Mainstream vouchers to individuals and families with a disability exiting an institution. We currently have approximately 6 vouchers remaining, and we continue to monitor our 2018 HCV wait list to identify individuals who are eligible to receive an 811 Mainstream voucher.

Veteran Affairs Supportive Housing (VASH) Program

The CHA partners with VA to provide vouchers to chronically homeless Veterans within our community who are in need of program subsidy. The VA is working hard utilize the remaining VASH vouchers to provide housing for the community's homeless veterans. As of date we have 82 households receiving VASH program assistance.

RE: June 2020 Financial Reports

CARES Act

Downtown's Public Housing (AMP 1), has up to \$55,851 in supplemental operating funds for Corona virus aid. CHA Administration

A change in presentation has been made for CHA's Administration this month. Instead of presenting a budget comparison for the three component units of CHA's administration, they have been combined.

CHA Affordable Housing Development's (AHD) revenue is earned from developer fees and 2020 was budgeted for a loss because there were no development awards received for this year. Expenditures are being paid from AHD's operating reserves.

CHA Business Activities (CHA BA) is for the management of non-federal properties. And CHA Central Office Cost Center (COCC) is for the management of the HUD federal programs.

Fee Revenue is 15% (\$63,346) under budget. The two factors for this are due to the tax credit investors denying the higher management fees requested for 2020, and all properties and voucher programs being under-leased.

Investment Income of \$510,611 is 22% (\$92,229) higher than budget. \$184,620 of the Investment Income is restricted for bond interest payments. And \$149,098 is restricted for replacement and development reserves.

Total Operating Expenses are 16% (\$117,417) under budget.

CHA's total administration has a year to date net gain of \$114,112.

City of Columbia to host informational session on housing security

Wednesday, July 22, 2020 By: Lindley Schwartz & Peyton Headlee, KOMU 8 Reporters

COLUMBIA – The City of Columbia Housing Programs Division and other local partners will provide an informational session via Zoom for citizens who have been impacted by housing instability due to COVID-19 on Thursday.

In a post on Facebook, the City of Columbia Programs Housing Division said Boone County has filed almost 12,000 COVID-related unemployment claims.

Homeowners could be facing evictions starting July 25, the day the moratorium ends on evictions. This comes as housing instability and inability to cover monthly housing costs increases because of unemployment.

The session aims to highlight tenant and homeowners' rights and make citizens aware of the actions they can take to protect their current housing. The meeting will also point out local resources that may help assist with rent, mortgage and utilities.

Local partners for the meeting include Mid-Missouri Legal Service, Columbia Housing Authority, Voluntary Action Center, Central Missouri Community Action, and Boone County Family Resources.

Executive Director of VAC, Nick Foster says the meeting is important to share more information about what to do if anyone is struggling with rent or mortgage payments and what their legal rights are.

"A lot of people are having trouble largely because they lost employment or they have their employment reduced or their hours reduced at work," Foster said. "It is just a matter of income, people do not have enough income to cover their rent."

Foster said he hopes the meeting can help provide information and guidance to those who are struggling.

Randy Cole, City of Columbia Housing Programs Manager, said many houses in Columbia are feeling the impact of the pandemic.

"We know unemployment is high. We know families are struggling. We know the Voluntary Action Center and other local nonprofits are seeing an increase in calls for service and needs," Cole said. "With increasing needs, we want to make sure we can get out ahead of it as much as we can and get people in our community that are struggling connected to resources so we can keep people housed."

He said he is expecting a large turnout for the meeting.

The virtual meeting is open for anyone to join. It will take place July 23, from 7:30-8:30 p.m. To join the meeting, click here. The meeting will also be recorded and posted online to como.gov.

Columbia after-school program plans for the delayed start date of the school year

Wednesday, August 12, 2020 3:31:00 AM CDT in News By: Jasmine Lotts, KOMU 8 Reporter

COLUMBIA - After school programs have to make adjustments because of the Columbia school board's vote to delay the start of the 2020-2021 school year.

The school year now beings on September 8th.

This affects some after-school programs like Moving Ahead.

Moving Ahead's assistant program coordinator, Morgan Buscher, said that it has received a large demand in child care during this time.

The program usually has 150 kids enrolled.

However, according to Buscher, because of COVID-19, the state's licensing standards only allows 50 children to be enrolled.

"When COVID struck state licensing changed the ratio standards that used to be one to 16. And now with one to 10. So we have one teacher in a classroom you can only have 10 kids, whereas before COVID hit we wouldn't be able to have up to 16. So we're going to have to maintain that capacity— that 50 kids capacity into the school year as well, unless the state licensing representatives tell us to operate differently."

Moving Ahead said it chose the 50 kids through a first come, first serve basis.

Buscher said Moving Ahead extended its summer program by two weeks after the program received the news about the CPS' start date delay.

"We had a feeling that they were going to push back the start of the school year. So we went ahead and extended our summer to kind of help parents out and give them two more weeks where they could go to work—their kids have a normal routine, stuff like that. We just wanted to help parents out."

Buscher explained that Moving Ahead will alternate groups of kids and what days they will come to control COVID-19 rates.

The after school program will also have children assigned to one class room by age group, instead of having kids switch classrooms.

According to Buscher, Moving Ahead will continue to practice safety measures from the summer into the school year.

These safety practices includes:

- -Checking temperatures
- -Children 10 and over are wearing masks
- -Sanitizing frequently touched surfaces
- -Sanitizing toys
- -Students using their own school supplies
- -And much more

Moving forward, Moving Ahead is finalizing its enrollment, finding ways to tutor kids online and gearing up to start the school year.
